Dear Nadeem Jan,

Just look at the content of his explanation, seems to be lacking of words. More-over, DFP didnt nominated him as UC focal person, I recommended him to be as a UC focal person just to put responsibilities on him so that at-least he shows some seriousness towards his duty.

Recommendation:

Just proceed according to your org SOPs. As far as my recommendation is concerned, my advise would be to put him on final warning, to give him some space for improvement and if failed, then at-least his post can be filled by competent candidate in a short period of time.

Thanks & Regards.
