Respected Imran sb,

As the UCPO has acknowledged the weaknesses at his side and promised not to repeat them ahead, he shall be given a chance to improve his performance. Meanwhile, to ensure he is improving, a close monitoring at my end will be carried out followed by sharing of observations with my supervisor and your good self for record and support.

Also, the accountability so far conducted shall be maintained in his account for future reference and any further step.

Thank you so very much for your support throughout this process.

Kind Regards

Dr. Suhail Ahmed
