Subject: Resignation letter

Respected concerns

It is submitted with great concern that i came to know through different personal emails and phone calls that authorities have not approved my application regarding my emergency departure for attending funeral ceremony of my beloved peternal Aunt.

It is pertinent to mention that i am tribal notable of my area and attending death ceremony of close relatives is part of our culture as well as tradition. we give prime importance to such occasions in our culture. I did not violate any rules and regulations of the organization i only followed the norms while i was told by my seniors not to attend the funeral and don't attend the condolence immediately rather go for condolence after a week which was impossible for me. Moreover, i have been performing my duties honestly and dedicatedly since 2014 during this period i have successfully and smoothly completed my all assigned tasks in post and pre-campaign and also during that time i found my all seniors very supportive and helpful due to their support and team work all hard targets have been achieved. I will never forget their unconditional and nontiring support during different campaigns regarding performance i have never shown any weakness i always followed and acted on the directions of my seniors for best interest of public as well as organization.

Furthermore, keeping in view the harsh attitude of higher authorities and incharge concerned regarding disapproval of emergency leave it will be not convenient for me to keep working and performing my duties amicably for the betterment of organization in future therefore, I hereby resign from my position today dated 8/12/2020.

Thanks

Regards
