Dear Madam/Sir,

With the reference of Email "Resignation from the post of District Monitor Lahore" this is to inform you here that my issue have been resolved and joined Faisalabad Team as a District Monitor for TCV campaign and also reported to my supervisor Dr Muddassar Saleem in Faisalabad on the direction of senior Authority . Please ignore my resignation as I have resumed my services with decided TORs .I will be thankful to you !

With best regards,

Sahreen Altaf

Dear Madam/Sir,

With due respect this is to state here that I am resigning from the subject post due to some domestic & Medical issues I was appointed for the field monitoring but working in the provincial office assisting in TCV campaign Communication and coordination purposes.

My home town is in Faisalabad and I have requested for minor favor only for Friday to leave 1 hour before office time as it's hard to get Travel booking after 4:00 Pm on weekends, my family won't allow me to travel late at night and I am facing personal issues. (issue already shared with reporting officer before joining provincial office) I am also suffering again with Typhoid fever & some other issues doctor recommended proper bed rest and isolation as per contract policy I cannot get any medical favor.

I am unable to carry on my job with the organization please accept my resignation.

With best regards,

Sahreen Altaf
