Dear Mr. Waseem,

With reference to below email **UCPO-Mr. Tehsin Ullah- Union Council Saifal Dara- District Orakzai** have been reported, that after campaign during the return process to main store 18 Vaccine Vial Monitor found in very bad condition and the subject UCPO did not monitor or reported the issue.

He is recommended for explanation letter on account of professional negligence, if the response received unsatisfactory followed by warning letter.

You are requested to share your kind feedback, if any.

Subject: Issuance of warning letter to UCPO Tehsinullah on extreme of negligence during campaign

Dear Shahid

It to share with you that after campaign 18 vials were returned to main store from DDM UC and total 18 were given all of 18 vials were in very bad condition which show negligence on part of government but also on part of UCPO who has only to monitor one UC which he failed as he did not give any feedback nor during camping nor after even campaign which is unbearable. So strict disciplinary action be taken.

Thanks
