Respected Sir ,

At the response of this explanation letter, I would like to tell that it was all happened in some miscommunication that I had almost reached at A/S refresher training venue but my bike had got puncture, I sent location from there, I called Master Trainer told him that i am very closed to Training center and coming after mended the puncture.

I would like to tell that I am working from 2 years in UC.8 you can ask my progress from my previous 1st level Supervisors. Dr. Asma is very cooperative and professional lady, I respect her more.

Sir I assure you that it can not be happen like this again and will improve my communication and reporting capacity in proper way. You will not get any complain from my side in future.

Best Regards,
Rameez Naseer
