

Respected CTC officer/ DPCR,

It is for your kind notice that Inam Ullah (UCPO) working enthusiastically since inception as his posted UCPO in UC Pajjagi.

He performing his duty according to the standard SOPs of DPCR, WHO and others partners organizations. He did not remained active in any type of political, educational or any other anti polio activities. His role in polio program is unique and brilliant in the shape of community engagements, Monitoring, supervision, team work and transparency at all level. Not only he built close linkages with all the tiers of program team but all the community stakeholders because of his locality, loyalness, and dedicated polio officer at his jurisdiction.

Moreover he did not remained absent from the duty and always shared progress, feedback, shortage etc with all colleagues for program success. Any warning letter or explanation letter did not received in the overall tenure.

It seems that Inam Ullah (UCPO Pajjagi) commitment is purely for the polio program success and to prove Pajjagi as model UC for District Peshawar.

I hope that Inam Ullah will be in good books of the CTC/ WHO and DPCR core team.

Thanks with best Regards

Mr. Zarif Khan

UPEC Chairman Pajjagi
