Dear Sir salam,

It is for your kind information that fake finger marking were identified in UC Dehrakai in 8 houses in the recently conducted SNID/CR campaign. Upon probing it was revealed that the team did fake finger marking while the Area supervisor didn't visit the team in all the four days. Furthering probing revealed that the UCPO and social mobilizer took fake clusters in the area and TCSP didn't visit the area in last 7 rounds. The investigating committee recommended disciplinary action against all those responsible. The recommendation included termination of services to the team members, Area Supervisor, UCPO and Social mobilizer while final warning for the TCSP. Detail report issued from the office of deputy commissioner is for your information and further necessary action please.

Regards,
Dr.Mumtaz Khan.
