

Dear Sir,

**I would like to inform to all of you that these are all allegations leveled against me which are totally false such as. Harsh language, intimidated, unprofessional behavior and attack on religious belief of Ex TDOSO Akhtar Ali.**

First of all as per CTC, I have been appointed as a UCPO UC 03 Kharadar. But same day late night I received a call from DDOSO (**that you have been transfer to UC CCB-3 without any document because they gave favor to UCPO Amna Malik**), I obeyed the instruction and I think it is operation requirement by DEOC but after some days I feel that it was going unofficially transfer so that I informed my HR about the subjected transfer via email. They all are involved to create a big issue against me but finally they did it.

These are following points which justified the wrong subjected allegations or complaint against me:

- I did not intimidated, used harsh language, unprofessional behavior and nor attack on religious belief. They were many people present at TSC CCB-4 who are UCPO Rubina, TTSP Abrar, UCMO Faisal, UCOO Saeed, UCCO Naheeda Gul and more than 20 staff of UC CCB-4 at the time of incident they all are eye witness it's my humble request to HR of CTC kindly verify issue from these above people.
- I have work as a UCCSO in different UCs of Saddar town from April 2018 to May 2020. In this time period not a single explanation or warning against me from SHMA. I also worked with different communities such as different sects of Muslims & Non Muslims (Hindu & Christians) among them I didn't used harsh language, intimidated, misbehaved & I didn't attacked on religious belief of any one. Than how can I attack on religious belief of TDOSO Mr. Akhtar? In this period I also worked under 5 different DHCSOs in different time you can also verify from them DHCSOs and staff.
- When CBV committee called me on dated 1 September 2020 in committee where all District level staff were present (DDOSO, AC, NSTOP, DHO, HRO, CVB COMNet) chaired by ADC 1, When ADC 1 ask from DHO south about data fudging,(I already sent email about data fudging of Ex TDOSO in which he forced us to write starting and ending time of work on every tally sheet after campaign dated 22, August for reference email Snapshot is attached) "if anyone of staff writing on tally sheet in current scenario after campaign days is this a data fudging?" than DHO acknowledge that this is a data fudging. The second question ADC 1 Asked me about are you attack on religious belief of Akhtar Ali, **Than I asseverate in front of all above mention seniors staff I never attack on religious belief.**

**NOTE:**

**Dear Sir,**

**All timely reported emails snapshots are below attached. It is my humble request to CTC kindly verifies this case from all eye witnesses.**
