Dear Dr. Zahra

With reference to the subject matter, it is to bring in your kind knowledge that UCPO Mr. Talib has denied all the allegations leveled against him in response to the show cause letter issued to him on account of professional misconduct. Based on the detailed feedback shared by his supervisor, it has been evident that Mr. Talib's response is unsatisfactory.

Therefore, it is recommended to terminate his services on account of unprofessional misconduct and fake reporting.

If you need any further information regarding the same, please let us know.

Subject: Re: [EXT] Fwd: Show cause letter on account of Professional Misconduct

Dear Naveed,

I wish you are well.

Below is my feedback to the response given by UCPO Mr. Talib Hussain.

- 1. Absentee/Fake Female team members on ground:** This allegation has been proven when I visited his field on dated 09-06-2021 where the two female members named as Masmal Sacchul and Ms. Budhi from team no. 01 and team no. 02 of SMT Supervisor Mr. Akbar Bhanbhro were found absent on ground. When asked about absence of both the members, the Supervisor could not justify the reason and instead confessed that the workers are not deployed in the field from past one and half years. Upon personal hearing of UCPO Mr. Talib, after denying such allegations initially, he confessed about the mistake in the end.
- 2. Fake tally sheets data entry:** During the same field visit, it was also found and confirmed by the SMT Supervisor that all of his team members are not literate enough to fill the tally sheets and hence the fake data is entered into the tally sheet by the Supervisor in consultation with UC Focal Person Mr. Sharif Bhanbhro and UCPO Mr. Talib. Such allegation was also confirmed by the UCPO himself during the personal hearing before respected AC-WHO Sukkur Division.
- 3. Fake data submission:** The UCPO has submitted fake team deployment data during campaign despite knowing that the female members of desert area are not deployed in field. The screenshots of deployment status update shared through text message is also attached herewith.

4. **Poor Cold chain particularly in desert area:** One of the prime job of UCPO is to ensure that the vaccine given to teams remains potent by strict cold chain maintenance through multiple monitoring and supportive supervisions. However, during the field visit it was found that the UCPO has visited the area only once in past 3 years leading to the seriously compromised status of vaccine cold chain. The poor vaccine cold chain status was also verified in the same field visit followed by sharing and discussion of these observations in evening Review Meeting and in person with Deputy Commissioner, DHO and District Focal SIAs amongst others. Therefore, his denial about such blunders is unjustified.
5. **Unethical behaviour and Personal favours to non-local team members hired from District Khairpur:** His non-local SMT team composition was unjustified when his SMT Supervisors informed that local SMT team members can be arranged from the UC, from same locality but due to the pressure from UCPO and UC Focal Person, SMT Supervisors were directed to keep themselves away from these specified non-local frontline polio workers with little to no monitoring and supportive Supervision.
6. **Fake DDM Cards submission:** It is one of the prime jobs of UCPOs to ensure the transparent and honest filling of DDM Cards. He himself has confessed Infront of Respected AC-WHO Sukkur that there were two Female SMT team members who's cards were being filled from past one and half years without workers being deployed in the field. The UCPO also informed during personal hearing that these two female members are close relatives of UC Focal Person Mr. Sharif Bhanbhro.
7. **Unjustified Leave during Most important Pre-campaign Activities:** Despite persistent failure of Microplan which is a key document prepared under support of UCPO, for which he was already given written warning through email, the UCPO asked for one day leave on dated: 25-05-2021 when entire UC team was called at DHO office for MP preparation. The reason he gave for leave was later verified and it was also found to be not true. The UCPO asked for leave citing illness of son while upon verification it was found that he was in Karachi for his personal work.

Upon asking for the written statement from the UCPO, he refused to give anything in written. Instead, pleaded that such mistakes will be corrected soon.

Based on field visit findings, internal interviews with SMT Supervisors, Personal hearing of UCPO and audio recordings, his serious negligence has already been proven to be damaging for the program. This response is forwarded to you for further review and appropriate decision.

Fond Regards

Dr. Suhail Ahmed
