

To,

The HR CTC.

**Subject: Show Cause Letter on account of Political Involvement**

Dear Sir/Madam

Reference to your letter number SL-KPK-130/December/R dated 20-12-2021 subjected sited above.

It is pertinent to mention that I am part of PEI Since 2014 and I am very well aware of policies and obeying every single SOP in a very professional way which can be verified from any source.

The allegation of participation in election campaign or political gathering and running the campaign is baseless and devoid of facts.

Dear Sir/Madam , i am living in a joint family. My father is the elder of our family, my uncle is also next to him. My uncle was a candidate for General seat and he remained in politics for long. We used to have family gatherings, talks discussion in our combine hujra and also village matters are brought in front of elders for solution. I never participated nor remain part of any political campaign. The reels and picture shared might be mis leading in respect that we all cousins and youngster use to sit in hujra with elders.

Yes I admit o did share pictures of my uncle on social media but the nature and intent was not to convince anyone to vote for vmy uncle. Here we have to bear in mind that the constituency of my relative is very limited and most of my social media friends are out of that constituency. Any and every material shared on Facebook was just out of sheer excitement and spurred on by the overall environment of elections. I assure and it can also be verified through my PEI colleagues that in no way I have tried to influence them or general public to vote for v my candidate. I shared the pictures and posts from my page as a general post, not in the favor of the concerned person. II assure you that such incidencewill never be repeated in future.

It is requestd to turn down this show cause letter in good faith..

Your Sincerely

  
22/12/2021  
Ihsan Ullah
