Respected HR
Chip Training and Consulting

With due Respect Received Your Explanation Notice against me regarding "Professional Negligence of School Covid Data". I am working as UCPO since 2013 during my 8 years Tenure I have tried my best to ensure timely submission of Data and to complete the assigned task during the stipulated time frame. When the School Covid data task was assigned I started visiting the school in my UC along with ALSM but on the afternoon of 27th of December I Received a call from my home that my younger daughter was not feeling well then in emergency I took the appointment of Dr Nadeem khawar children specialist for check up. After Diagnosing the child the Dr told me that your child is severely Pneumonia infected and you have to admit it in hospital that we have to immediately start treatment of the child because child is not in good condition. Then I admitted my child in the Mission Hospital Peshawar as Referred by Nadeem Khawar. On morning of 28th December I Requested to my TDO Dr Kamal for an emergency Leave due to the admission of my daughter in hospital through WhatsApp and shared the relevant documents with him. But still despite all these domestic issues I was sharing the Morning attendance with the ERU through Clappia , COVID teams Deployment status through Google links, Daily Covid Team Coverage Data from hospital. From last three months the UCO position is vacant in UC Yakatoot2 and I am also doing the additional communication tasks. These all Domestic Problems and Professional due time came on same the day in which unfortunately I was unable to submit the data within stipulated time frame. Therefore I hope That the Respected HR of CTC and my kind first level Supervisors and Second Level Supervisors will pardon my this mistake. I will be thankful for the kindness. Next time InshAllah I will try to complete and Submit every data and task within Stipulated time frame. All the Relevant Documents are attached with the Email.

Regards
Imran Khan
UCPO Yakatoot2
