Dear sir

I am professional in my duty and keen in my work . I have always tried to do my best . Although I received explanation letter with professional negligence that why you not collect school data timely so below I mentioned some points for clearfication of the said data

- 1:- As we have 9 high school in which 2 major school (GGHS with 1421students ,GHS for boys above 800) and their principal/owners give us time for data collection , attached is the Letter of high school for boys.
- 2:- In meeting with UPEC and LHS the said time was mentioned so that not to distrub field area as will as to get all the school data accurately
- 3:- All PEI staff (CHW,AS,UCDO etc) were busy in covering the remaining area as we have above 9 coved team
- 4:- we collect the data but was un authentic so for varification we need to send team on next day
- 5:- On 28-12-21 I request DSO muhab that data was not completed and unvarified so I will share it on 29-12-21.

At night I also inform TDO imtaiz that I will send the data tomorrow as I can't send unatintic data and uncompleted .

Being I responsible person i don't like to send file just to get my self from red line that is way I request to with draw explation . I will try to send all data timely.

Regards
