Respected Madam,

Reference your reply positively respond to me, even though you have used one or two inappropriate phrases about me, but you are my senior officer, your honour is obligatory on me.

Madam, I have made a wise decision, otherwise who can leave the job of +55 thousand even a poor man like me, but what can I do? This job is not new to me but there are people new, I am not satisfied with their poor performance my job is reporting to the seniors / higher up so they get angry, therefore I am feeling insecure here and I am thinking maybe harmed me by the unknown, so I have decided to resign thoughtfully therefore I request you that my resignation may kindly be accepted, I shall remain thankful to you

Thanks

Dear Habib:

When ever you shared any issue i have also supported mean while your UC OPS issues are already disscussed with higherups.I am continually visited, observe and controlled.

You have joined on October 2021 almost 4 months completed but you can not built coordination with your UCMO and UC vaccinator due to this they are not providing support,when ever you shared with me always support to you but i can not give you sppoon feeding.

Further its my suggestion this is emergency program and every one have presuure at their level.Reveiw your decision again.

Subject: Tender resignation

Respected Madam

Madam, I have decided to resign from this job due to extreme compulsion. In recently past I had resigned from my job with told the cause of my family issues but I have not blamed anyone because the kind of work is going on here in which my conscience is not satisfied. If I complained directly against someone after seeing a lot of wrongdoings, certainly their job could be in danger, so I did decided to resign from my job and go home, but I did not want to be a part of any wrongdoing. I have been pointing out and also informing you time to time but no action was taken against them. Madam I have worked honestly in my whole service career so I never want to be a part of any wrongdoing so I have decided to resign once again from my job so may kindly accept my resignation and I will be released from mentally tortures which I felt during duties. Ever since I shares observation with you, I have been feeling insecure.

Thanks
