**Subject:** Unpleasant Work Environment

Respected Sir,

I want to drag your attention toward a significant matter which may have serious consequences in future on our polio program. A serious violation of workplace ethics done by TDOSO Toheed Kichi and UC Polio officer Musfira. They both are involved in coitus activities. Their actions are known by all Baldia town and effecting the environment of the work. They both have been seen travelling together during duty time by the staff and even seen doing canoodle and other private activities even at Town office and TSCs which gives a very negative impression and this type of actions must be investigated and dealt with strict actions. The abuse of power by both of them also discourages and defames other employees who are loyal to their work.

I request you to take this email as top priority and take necessary actions accordingly.

Thanks and Regards
