Subject: Re: Explanation letter on account of casual attitude

Dear and respected sir/madam.

In response to your mail the activity on dated 8,9 January 2020, the plan was revised and prepared on the spot in the field. The activity site road is under construction and hence was blocked. Due to which I reached just on the spot to the teams. I took the epi to the far flung area of Siamina on my bike. I stay night in the field and work on 2nd day in the same area.

There was communication problems in the area due to no mobile network. I have been reached the area and supported the EPI activities in villages Siamina site.

Sir please keep in view the geographical status of the area, if my Boss/PEO Bajaur has noted any guilty on my part I am broadly accepting and I am very very sorry for that's.

Sir in future I will try my level best to prove myself as a good and obedient worker/employee.

Best regards,

Hawaldar khan Ucpo. Barang2.
