

R/Sir,

It is stated that i am working in many UCs like UC Beland khel, Samana and Janda. Sir I provided technical support to the mentioned UCs in PEI and EPI where needed. But in this occasions I fully helped with the side UCs EPI technician but UC Beland khel EPI technician had prepared RED RAC MP and submitted earlier to the DHO office with out consulting me.

Sir , we are PEI staff. Our work is Supportive supervision when needed. Not to prepare RED RAC MP etc for EPI staff. Red Rac MP preparation responsibility is EPI technician And it is up to UCMO to review the Red Rac MP. Sir, ever since we signed my employment contract no one has told us about the responsibility of Red Rac MP validation Or review. The Red Rac MP always prepared and assembled by EPI technician. When they have a problem we resolved for them. Therefore, the EPI Technician prepared Red Rac MP and submitted earlier to the DHO office without consulting me.

Regarding

UCPO Dilnawaz.
