Dear Shahid!

On 18th April 2022 I along with Mr Shahzad Hassan PDA had surprise field visit in order to validate the presence of the field staff at their respective UC. During our visit to CD Khwaga seri it was found that TPO Mr Shahzada had not visited this facility since last campaign as his last signature on the zero-report booklet was on 3/3/22 which was 4th day of the March NID. Upon inquiring from the health facility InCharge Mr Muhammad Abbas he also mentioned that Mr Shahzada had not visited the health facility since last campaign. Although Mr Shahzada has shared his head count regarding his visits to different health facilities including CD Khwaga seri which he did not do as there is no proof of his visit and the health facility staff have also denied his visit since last campaign. Also the zero report of the last week was at the facility but Mr Shahzada has shared that he will follow up of the zero report on Saturday (16/4/22) which he had not done. Also during our visit to BHU Yakhkandow same was the stance of the health facility staff that last visit of the TPO Mr Shahzada was during the last NID March which was also evident from his signature on the zero report book that is on 2/3/22 (third day on NID March22). Although Yakhkandow is his home town.

On 19th April during visit to CH Samana the stance of the health facility InCharge was that TPO has visited during last campaign and it was evident from his signature on the zero report booklet on 1/3/22. (2nd Day March 22 NID)

Also Dr Fawad DSO visited THQ Ghiljo and validated his visit and according to him Mr Shahzada has not visited the said facility also since last campaign.

Attached are the snapshots of the signatures of TPO zero reports for your kind information please.
