

Respected madam,

I hope you are doing well. This is with the reference of show cause issued to under sign.

I want to clear some facts first regarding the misunderstanding happened about the stool sampling collection. I have also cleared my position to my superior respected Area Coordinator Dr. Shumila and Dr. Najeebullah.

On said date we visited the AFP case with vaccinator and Dr. Njeebullah thoroughly briefed the process of stool sampling to the mother of that AFP case. Immediately after our visit, child's mother left for home due to sudden death in her family, out of city. The child was left with her grandmother. Though the mother briefed that lady regarding the sampling procedure but she misunderstood to collect the urine sample. On the collection date of samples i.e. 18th Feb, Friday at 12:30 pm, when I was reached by vaccinator and informed regarding the completion of samples, I was out with my wife in a clinic, who was not feeling well and I guided the vaccinator to collect and submit samples in DHA ILR. He is also an experienced worker and has been working for the last 8 years and has already assisted for many samples before. He overlooked and I, because of some unavoidable circumstances in family, relied on him being experienced.

Additionally, Respected Madam Shumaila has also assigned me weekly stool sampling on average, at CMH, and there has never occurred any problem until this time when the vaccinator made an error which caused all this to happen.

My dedication towards work can be analyzed from the completion of tasks on which I have been given rewards from respected Area Coordinator for last three consecutive campaigns. I have won prizes in second and third last campaigns among 23 UCPOs. In addition, in the last campaign, I have been rewarded with an appreciation certificate from district. These might give a clear position and/or proof of how seriously I do take my work and job.

Respected madam, I regret on said incident on my account. I already apologized worthy Area Coordinator Dr. Shumaila and IO Dr. Najeebullah. I also apologize on said casual behavior though never did deliberately. I assure you this will not happen in future and I may be given chance to contribute in the noble cause of Polio.

Dear Amjad,

This is with reference to the complaint received regarding you about providing misleading information and a casual attitude in your capacity as UCPO. Please find the attached Show Cause Letter and share your response within a stipulated time.

Please acknowledge this email.

Looking forward to your prompt response.

Regards,

Syeda Raazia Rehman
