Assalm o Alaikum!

Respected Madm!

I Aqduş Ali received email form you for performance appraisal for next Contract. I am pleased to be considered for further extension but here I would humbly like to inform my Prestigious organization that because of my some personal and household problems I could not be able to continue this job for next contract likely to be started w.e.f 01-07-2022 to onward. So Kindly I should not be considered for **next contract proceedings and process**. For this reason, I will not sign my **performance appraisal for next contract** and I further like to draw your attention that **UC: 90** of District Lahore shall be considered **Vacant Post**.

I would like to share here my views that I really learnt a lot while working in CTC the Prestigious Organisation. I enjoyed pleasant working environment and good human resource practices being delivered in CTC PTPP Project. My immediate supervisors and CTC administration developed an ideal working relationship for PTPP staff. I will always remember in my Life this period of working with CTC under your kind patronage.

I hope all of my kind leadership will wish me the best in my future endeavours.

Thanks everybody in anticipation
