

It is submitted that due to personal grudges of UCPO with me he is trying to harass me by using different tactics as evident from the incident dated 15.09.2022 that i was present at my EOA point at 10:20 am but UCPO share a message in WhatsApp official group from center/ other area by stating that ALSM is not present at Malik Rehman EOA point. However I was present at EOA point which is evident from picture already shared in official group showing the exact time and date.

Furthermore, monitoring of the same point was not assigned to him but to torture me he Intentionally shared the Fake message and try to misguide the UCCO and also tried to blackmail me by stating to UCCO for explanation of my absence. As this is not the first and only attempt of UCPO but continuously playing fouls and due to the reason once I submitted my resignation.

Another proof of his harassment is that , on the same day when I reported in official group that Mr. Ayaz EPI is not giving OPV to children, the UCPO leaked out the information/ secrecy and informed Mr. Ayaz EPI that Umair has reported a case against him, therefore Mr.Ayaz EPI started arguments with me. Similarly on dated 12.09.2022 while I was present and UCCO is the eye witness of my presence and UCCO also told to UCPO that Umair is present but UCPO marked me absent while other officials and a UCDO who were absent and attended office late were not marked as absent.

Similar cases like above all matters has already been brought into the notice of UPEC in past but they both have understanding due to their mutual interest by not conducting evening meeting in active Polio campaign due to non availability of UPEC and if conducted just once in a whole campaign.

It is therefore requested to kindly conduct an inquiry against UCPO.

Yours obediently

Umair Ahmad ALSM Khalsa-II
