Subject: Re: TM requested to Add and Remove site

Dear Hina,

Good day!

With reference to the discussion Ms.Farwa over the call , she is requested to hold the deployment at Kohistan FS until further instructions as Shell has closed their code due non compliances. Therefore, you're requested to transfer the SW Abid Ali (his verbal consent has already been taken by supervisor) to Fauji FS . So that he can start his work as he joined us four days ago at Kohistan FS.

Regards,
Rehana Mansha

Dear Hina,

Good day!

Thank you for Hina for closing all the action requested byTerritory manager Ms. Farwa, however with reference to our verbal discussion over the call she is requested to close the site CSD FS (10041377) as there is no need of SW because site ensure 100% compliance and add new site Fine FS (10041450).

Therefore, following changes will be occurred,

Sr. No	Safety Warden Name	Ship to	Currently Deployed	Ship to	Transfer
1	Muhammad Saleem Khan	10041377	CSD SERVICE STATION OLD RWP	10041450	FINE PETROLEUM SE

Your usual support requested it.

Regards,
Rehana Mansha

Dear Rehana,

Need your support to Shift the Safety warden from Al Shifa and Mandra to Mentioned Sites. As both Al shifa and Mandra do not need Safety Warden.

Safety Warden Required
FAUJI SERVICE STATION

RAWALPINDI FILLING STATION

Also AK is a difficult site need a well train Safety Warden.

Thank you for the support.

Regards,
Farwa
