Hi, Respected madam, I hope you are doing well.

This is Muhammad Saeed from Rajanpur Safety officer. Madam, I have requested that my health is not good (severe depression) and that I am admitted to a rehabilitation facility here in Islamabad. Maybe it will take time to recover from this problem. I don't want to show non-professional behavior.

Because of this, I cannot continue my services as a safety officer. Please accept my request to discharge me from my job.

I hope to hear from you soon and will request after my recovery to join you again if there is any opportunity will be available in the future.

I shall be very thankful to you.

Best Regards

Muhammad Saeed
