Dear Hina,
I hope that you are doing well. It is to update you on following visit conducted by me on 19th February on Site and found his presence in forecourt and intervention for biker straddling is zero%. Despite working on forecourt he is been involved in personal task of Retailer. Fueling up retailers vehicle and giving them support. His intervention in forecourt found zero %. On Basis it is requested kindly conclude his contract so we can appoint some potential candidate. As two warning letters are already served. His behavior and working still not changed, It is requested kindly conclude his contract pls.
