Dear Ma'am,

Hoping you're doing well

Further to TM request, your kind approval required to club two sites of Sahiwal territory (which is located in Lahore) as there is low footfall observed at RAIWIND FILLING STATION . Our one safety warden can easily managed the both sites as per our current practice.

Sr. #	Ship to	Site Name	Territory	Distance from Site to Site
-------	---------	-----------	-----------	----------------------------

1	10041046	RAIWIND FILLING STATION	Sahiwal	5 KM from one side , and can easily manage by one SW
2	10040976	KHALID SERVICE STATION		

Best Regards,
Rehana Mansha

Subject: Sahiwal Safety Warden Plan 2023

Hi Maria,

As discussed, attached to this email is a proposed plan for safety wardens in Sahiwal territory. I want to cover more sites and cities in my territory with current number of safety wardens. This will help in expanding our on ground engagement and communication related to “Ehtiyat Bunay Hifazat” campaign.

I have assigned 2 sites to a safety warden which are close to each other and are in the same city. This will help me address few concerns of the retailers and I feel support of the safety warden will greatly improve Sahiwal territory’s compliance with regards to biker straddling.

Looking forward for your positive response on it.

Regards

Ali
