To,

The HR Manager  
Chip Training and Consulting

Subject: **Reply of Explanation Letter**

Dear Sir,

With reference to Explanation letter No: EL-KP-05/May/0 dated 04 May 2023 regarding the professional negligence I want to say that we do not have permanent monitor in Morga UC who visit the fixed site of Morga UC on daily basis. When we asked the retrieval of all syringes from UPEC he said that we have submitted it in the EPI warehouse and when we ask from the record of the syringes, vaccine, fingermarks he further said there is no record with me at permanent register. Regarding Permanent register of morga UC, I have already reported that it is not updated.

Sir whenever I visited CD Morga, I found closed that cupboard in which syringes of fIPV Campaign were found. I have been told that medicine of King Salman Project has been kept in that cupboard and the the key is with previous UPEC but when I called that UPEC, He did not responded.

Second one KOHIBHARA UC is security compromised area, Most of the time we visit this facility is closed because neither technician nor other staff are on duty there and when we asked upec on the phon he said that we have collected all the syringes, vaccine in the EPI ware house, but no EPI tech were there when we looked at their Permanent register for record of retrieval syringes, vaccine fingermarks.

Sir I have done my duties up to the level of my best. If there remains some negligence on my side for that I promise to cover these deficiencies in the future.  
I hope you consider my request with best wishes.

Dated: 05-05-2023

Your Obediently

  
Rasool Khan
