Hi Maria,

Your support is required for relocation of safety wardens.

Currently Posted	Proposed Site
Shell Multan	Burraq Energy(NTI)
Sanwal Fs	Syedana Wala Fs(NTS)
Super Gas	Model Town Fs

1. **Shell Multan Fs**

Shell Multan is part of divestment plan 2023. There are multiple non-compliance at site that's why we have requested Roha to issue Red card in this week.

2. **Sanwal Fs**

Sanwal fs is now 100% compliant on biker straddling policy. SCs are now confident that they will ensure 100% compliance without safety warden support. As per my discussion with Rehana & Retailer having safety warden posted here is no more needed. We don't want our resource to be underutilized.

3. **Super Gas**

Super Gas fs is now 100% compliant on biker straddling policy. SCs are now confident that they will ensure 100% compliance without safety warden support

Abdul Sami
