Subject: Request for issue explanation to SW Shumail

Respected ma'am

It is requested to issue explanation to SW Shumail Abbas for fake reporting and misleading that retailer misbehaves with him. I have many times conducted session through phone call and while personally visit his site for proper reporting in engage application but he is not reporting properly. It's been long time I am facing this issue with this safety warden whenever I am asking to improve the data of reporting he is saying that his retailer is misbehaving and not providing clear picture of the site and mislead while bluffing over retailer. I want to also draw the attention that he is also issued a warning letter on 2-Jun-2023 on account of absenteeism and fake check in data sharing on 31-May-2023.

Below are the compliance reports
