Dear Manasa,

With reference to the subject, please be informed that Shah Faisal Police were able to trace the suspect who hurled threats to Dr. Murtaza Talpur with the help of CDR today. He was brought to the police station for preliminary investigation.

It was later revealed that the suspect did that act out of anger as one of the female UCPO's contract whom he was having friendship was not further extended due to her poor performance in Landhi Town.

The matter was discussed with Dr. Murtaza and others relevant for further necessary action. And it was decided with consensus that police should warn the suspect, receive personal bond in writing, and release the person on the condition not to involve any such act in future. Otherwise police shall register criminal case against him as per law.

Police, then released the suspect after receiving written personal bond and complaint status is closed.

Submitted for your information please.

My Best Regards,
GM BUGHIO
