Respected Sir,

There is no proper signal in our UC saifal Darra because of that we share head count daily with Data TTM by anyway although it's become late some time because of the said fact so I shared head count with TTM on 3<sup>rd</sup> march 2020.

On the said date and day, visit to BHU was not in my plan. I had planed to visit Community for Zero dose children follow-up.

**You're Sincere**
