Dear Mr Shakeel,

your explanation considered valid from your supervisor, but the UC assigned to you needs your services in real time and with freely movements in the whole UC during campaign days. What I found that day you were not in the field, but be careful next time and make your self active for real time monitoring and supervision for quality campaigns assurance in your assigned UC.

R/sir,

Please refer to above cited subject it is to inform your good self that u/c suleman Khel is a wast scattered u/c and to cover the area it was planned to cover the area Two 2 teams to be supported by AIC while two teams will be supported by me and during Dr Ihsan PEO visit he only visited team one & two. Although I was with team three & four due to which my signatures we're not available on the telly sheets and than when I returned to team 1&2 than he wasn't available in area 2. hence on these basis he decided that he is not available in the field although in evening meeting I was available in the meeting with him. submitted for your information and further necessary action at your end.
