Dear Imran,

Thank you for your kind consideration. If it was for me, his response is not entirely satisfactory but the benefit of doubt may be given of Mr Naseer. However, miscommunication and concealment of information is a serious offense. Therefore, this act must be kept as a NFR (Note for Record). So, If he continues to mislead the program, he may be held accountable.

Be that as it may, worthy AC west can also interject his thoughts for final course of action.

Dear Imran,

Thank you for your email. I would like to take this opportunity to say that I no longer have the charge of PEO kemari.

Presently, Dr Wajeeha Zaidi is looking after kemari town. She is copied in the email for her understanding and subsequent assessing the response given by Mr Naseer.

Dear Concerns:

I have already mentioned my leave application email body.

Whatever concerns doctors have stated with me, on the behave of their statement i have applied for 1 day leave but i do not have any medical knowledge. Doctors said to me before be read by tomorrow we are going to operate your father, after that i have requested to concerns doctors please give me any documenets which i can be showed in my office, so they just give me one paper and write whatever they done. simply that paper i have attached in my official email. After that PEO Dr wasif said to me that was just simple test which were take just 30 minutes.

As you know that in this situation as a son what did i do?
