

Dear Sir,

On Friday 15/7/22 I (Umar Farooq UCPO Hayatabad 1) received call from AS Falak Naz from Latif (relative of Falak) mobile. She asked me to come along with UCCO Aitazaz. My relative wants to discuss an issue with you both. At that time we were in PIPoS for zero reports collection we came back to EPI Centre where they were waiting. They started their discussion with affiliation of AS Falak Naz with AS Rehman. We straight forwardly stopped them that it is lame & we haven't heard even a bit of it but they were on the stance that you are aware & you came after us for verification. She said that Shazia UCDO is personal with me because I haven't provided written against Aila in all these discussions. Zahir Shah EPI Tech was present he added that he will ask for his case as well. We asked Falak to provide written so that we may report it to higherups but they said I will provide it on Monday along with witness. While on way back he told me ~~that~~ personally that he will shoot Shazia UCDO if she is guilty & if Falak is guilty he will shoot her as well.
