

Respected seniors.

I want to document a few things regarding this incident they are :-

1) I am came to know about this incident in the last campaign i.e June campaign when my UCDO Shania was compiling data & she reported her findings of data judging against AS. Falaknaz I asked her to kindly send an email to the seniors with your findings.

2) The next day i.e on 15<sup>th</sup> of July the person Latif came to CPI & threatened my UCDO & other staff. I reviewed the information from my UCDO Shania through a phone call. I asked them to report this incident via email & I will also give my feedback on it.

3) In continuation to this incident there is an issue of a staff (CSW) Aila who has been terminated due to immoral activities. It was AS Falaknaz who told us, <sup>before</sup> in the morning assembly that the very CSW is involved in an CPI & they are now sitting in the canteen & we must go there & verify it.

4) This very lady Aila came to CPS today & threatened us that why was she terminated & she will call the media & that one of her uncle is in ISI & he will come & ask us about ~~the~~<sup>our</sup> this act.

5) Lastly I would say that the allegations AS-Faraknaz is talking about i.e her link with AS-Rehman is completely baseless as this very issue was raised two months back but she is highlighting it now when she is reported in data fudging. I know AS-Rehman since 4 years & he has never been involved in such activities.

Thank you.
