Assalam Alaikum ,

Madam we hope you are well now madam CHW from UC Shahi Bala is sending you this important email.

Madam, there are many problems going on in our UC which are as follows, our seniors abuse us a lot

You call someone else and say that you take out your bag and tell me the details of the last three or four campaigns, nothing will come to them because they want our seniors. Everything is with one servant, Salma, and it is said that everyone goes and writes to him UCDOO Kamran and Mohammad Rabi B have a good relationship because they cook for each other and do everything. This is Ahmed and he lives with them and there are many people who They want to be the ones with whom they have a relationship, if they want to have a relationship with them, then no one should be made and they should do their work honestly. A group of Kamran Muhammad Saleh and Muhammad Rabi is formed and that is what they want and whoever raises his head, then they create various problems for him and expel him under any pretext. They have scared all the workers. You may remember earlier that there was a complaint to you that we are renting the center. Then he said to all the workers that you have to pay a little bit of money and we have to rent it after hearing this. But the sad thing is that our seniors already know about your coming, that's why they threaten us workers and make us lose everything that everything is going well. In our center there is only love and affection, which should be kept above a relationship, if not kept right, for that. There are some people in our center among our seniors who do devil jobs and I have some proof that I can show you if you come tomorrow. Likewise, madam, there are many other things that I want to do but it is a bit difficult to do in one email. If you come tomorrow, I will tell you

everything. The rest is up to you to decide. Ma'am I don't understand any email I am writing to someone or you send me your contact number then I will call you.
