CTC

Respected Madam,

It is stated that I have joined Attock as DSO since 15th Mar, 2022. Till date, I have found Rehan Zareef TPO, best among all three TPOs of Attock. He is technically sound, performing all the assigned tasks within the timeline. He has supported Teh Pindigheb in all campaign related activities and in surveillance related activities. He is a role model for TPOs in Attock. Besides his assigned activities in Teh Pindigheb, he also assist DSO WHO Attock whenever he is needed. In Feb 2023 last week, all the TPOs and TSAs were preparing District for Surveillance Review (2021, 2022 and 2023), all were invited to DSO WHO office. In Mar 13th 2023, I went for Umrah and Rehan TPO was told to look after things as our DSO is new, to help him. He also guides TSAs in their work, for that purpose, he is added in TSA whatsapp group. I, Dr Mumtaz Acting AC WHO, Dr Mohsin Alvi AC WHO, Dr Benazeer EX ID Attock are

Satisfied with his work and support he is giving to PEI program. He is honestly reporting all the issues identified during ICM, Pre-Campaigns, → post-Campaign monitoring.

Regards,

Dr Sajjad AL Khan

Note:

As due to his <sup>best</sup> performance in Tehsil Pindigheb, we have requested our PPEO Dr Amir Ehsan SB and Team Lead Punjab Dr Abdi Nasir to shuffle Rehan TPO to Tehsil Hazro as we are lagging behind in campaign activities over there, to further strengthen campaign and surveillance activities in Tehsil Hazro.
