Respected sir,

I want to explain my position in response of objections / allegations that the honorable madame has made against me .

1.the first objection against me is late coming for training,I will add in this regard that I am one of the most punctual and dutiful monitor found by my seniors,on the said date of training I reached the venue on proper time for which I have many witnesses and in agenda the first topic was mine obviously I took start of the training.

2. Second objection against me that I created critical situation with chw,s by highlighting issues.

Sir, CHW,S training is conducted according to agenda and in agenda the first topic was mine about previous campaign findings and issues in which we pointed out deficiencies to the participants, so that they couldn't repeat the gaps again and the training was going on smoothly, however she interrupted and disturbed the training in the result some chw,s started reasoning with her I mean the training environment was made guilty by her.

3 Third objection against me for misbehaviour.

Sir, I respect alot all of my seniors from core of my heart even I can't think to embarrass seniors, though we give much respect to female, because insulting female is totally against pakhtoons' tradition and culture.

Sir, in short words, all of the objections and allegations have been made against me baseless and have no fact to the reality.

Yours sincerely,

Imran Khan
