

In response to your inquiry it is stated that  
I reject all allegations against me. The story was  
that I only called Elow Co-ordinator miss Isam.

For confirmation of a team members in Police team.  
They b/c of this investigation made a team  
against me and put these allegations against  
me. Therefore I fully reject these allegations  
and hope for a justifiable decision from  
your side

With best regards
