Welcome to the assessment centre, the test will approximately take around 2 hrs to solve that will evaluate your basic knowlede about polio and PEI programme. **The test is to be attempted on the test sheet provided to you by the invigilator.**

Kindly note that this is a confidential document and should be submitted back to the invigilator on completion of assessment.

Kindly save all your working on the desktop by creating a folder with the specific ID provided to you by the invigilator. Kindly conform with the instructions and address any queries you have to the invigilator.

**In case you are found cheating / hampering the process of assessment in any way your test assessment will be cancelled and you will become ineligible for any further positins under the program**

Section A: True & False/Abbreviations & Short Questions

11. Mark as true or false (10 marks)

and polio campaign activities may include:

- a. Promoting use of antibiotics
- b. Routine immunization against polio
- c. Running awareness campaign against polio
- d. Campaign for improving personal hygiene & sanitation
- e. Mass vaccination to under six months children only

2. Most effective way to deal with families refusing polio vaccination to their children could be

- f. Using police force
- g. Using community influencer
- h. Providing information regarding effects of polio vaccine
- i. Providing incentives in form money to convert
- j. Threatening to take legal action against the family

B)- Write correct abbreviations of the following (Marks-05)

SNIDS	Sub National	immunization	Days	✓
EPI	Expanded	Program	on immunization	✓
TAG	Technical	Advisory	group of Expert	✓
SAGE	Strategic	Advisory	group of Expert	✓
IPV	Trivalent	oral	polio vaccine.	✓

(5)

Q.NO.2:) Write Short Answers of the following Questions- (Marks- 10)

- 2.1-How to handle fake vaccination issue? 03
- 2.2-Briefly define missed children logbook? 3.5
- 2.3-What is PCM and why it is carried out? 3.5

Q.No.3)-Define NEAP and elaborate its objectives? (05)

Section B: Scenario Based Interpretation

Q.No.4)- Please, read assignments carefully, before you proceed to answers.

Scenario: Nomanstand will provide polio vaccine and Vitamin A through house-to-house vaccination strategies in the upcoming campaign. Since they have not had campaigns for several years, training is needed for all supervisors and vaccinators. Many countries do training only one time during a 3 round campaign; however, some countries have found it critical to do trainings prior to each round. The MOH has decided to do training for all vaccinators and

*Amad*

to the first round and to have sessions between the rounds in all high risk  
 AIOH typically use an echo-down approach to training – i.e. starting with ‘training of  
 , who train next level, who then train teams. Sessions for teams are often conducted by  
 supervisors and sometimes by higher level officials or consultants for higher risk areas.  
 week before the campaign begins, you and your team decide to visit several training  
 sessions being held throughout the district and to assess facilities and districts for level of  
 preparedness for implementation. Answer the following questions based on the support you  
 will provide for various training sessions.

Q4: A) - What important information should a vaccinator be taught, that will help them  
 communicate with parents?(5)

Q.No.4-B)- What important information should be included in vaccinators’ training? (5)

Section C: Computer Assessment (10 Marks)

Q.NO.05)- Analyze the table for the reasons of resignations showing the numbers of each province-  
 (Marks -10)

THANK YOU FOR APPLYING

How to handle fake vaccination issue.  
Most of the time teams deliberately fake vaccination to the children. Being a supervisor if it come that team did fake vaccination. 1st i will collect enough evidence on this issue. if it is done in reality. I will encourage my teams my AIC that we cannot eradicate polio through fake finger marking or fake vaccination. the second thing which i will do i will shuffle the area of these teams to know the actual position of The we ad  
Peksil. I will strictly warned the team to be care full in future. because its National case. in the mean while i will inform the district regarding this issue. I will conduct the survey and report submit to district. and further action can be taken on the approval of district officer.

Answer

①

He has not mentioned anything about monitoring.

Recd (PMC) Resistantly Missed  
all the missed children Aic  
on micron summary sheet.

PCN is conducted. PCN may be conducted in any any type.

- ① LQAS: Lot Quality Assurance Sampling
- ② Market survey.
- ③ PCA: Post Campaign Assessment

The overall purpose of Post Campaign Monitoring to examine the quality of campaign

in UC, district. whether UC or District achieve his bench mark. Post campaign monitoring show real picture of Intra and Pre Campaign activities. In LGHS monitor check 60 children if u as more than u child's miss found missed due to any reason NA, Refusal, No team, vaccinated but no finger mark other the lot will be considered. LGHS conduct by external monitor. PCA and Market survey are conducted by District level staff.

of National Emergency action  
to stop the transmission of  
circulating vaccine derived polio  
in case Punjab district and Pak Afghan border  
and most important High Risk population.  
The objective of the NEAP is to clear  
doubt of the people through communication  
activities social mobilization local ulma  
Teacher patawi etc.

- The objective of NEAP is to reach all the in accessible area.
- Overall objective of NEA is to stop transmission of (COPV1) and ~~CPV2~~ (CVPD2) virus.

Ans's: Vaccinator is the back bone of polio campaign. if the vaccinators are well equip with knowledge they will easily vaccinate the children. for team communication we use a ~~team~~ <sup>team</sup> (GATHER).

~~GA~~ G mean Greating. A means ASK if patient ask some thing. ghand

Q.1  
T. Tomorrow tell what family ask from her  
less in any the if

Regarding polio or Routine vaccination.

H. H mean how

E mean Every time.

R means Return.

The team must have good IPC shield

Inter personal communication skill. team ask

Some question in every house. if team outside they ask all IPC question than there will be

No missed child like no team.

3

IPC question.

1) how many under 5 years children in this house.

2) is there is any under 1 year child.

3) is there is any newborn child. Newborn who are below 10 days.

4) is there is any guest under 5 year child in your home.

5) is your all under 5 year children are at home or some are not available went to school or Madrasah or Market.

6) is there is

any sleeping or ill child in home.

7) is all your under 5 year children are vaccinated for Routine immunization.

3. <sup>IPC</sup> home or in neighborhood a child who less than 15 years and he have any in any part of the body. These are the IPC question that vaccinator must ask in every house to ensure no child remain unvaccinated.

4. <sup>IPC</sup> Ans: B: The training of vaccinators must be on TNA Base. TNA means Training Need Assessment. during this polio campaign along with Polio drops vitamin A will be also given to 6 month to 59 month children. during campaign team must have these area Route Map, microPlan missed children log book. Team must ask IPC

Question in every house. ensure that 0 children remain unvaccinated. Team must follow 3 campaign protocol during house to house

vaccination. like 1st vaccinate the child then finger mark. ask in every house about zero dose child. zero dose are those child who didn't received any single antigen of Routine vaccination. Team must ask in every house about ~~the~~ zero dose child. because they are made at ASK.

Answer

Team must ask about AFP in every house. (B)

Ans: As per Analysis nation wide cost

Best 44 out of 69 which is 64% Resign due to Personal and Domestic Reason.

12 out of 69 which is 17% Resign due to better career opportunities.

in KP and Balochistan 20 out of 30 which is 66% while in Balochistan 20 out of 31 Resign due to personal domestic Reason which is 68%.

8 out of 69 Resign nation wide due unhappy with supervisor. 11.6%.

2 out of 69 Resign due to Field difficulty Reason.

2 out of 69 due to Retirement.

1 out of 69 due to inadequate pay.

THANK YOU FOR APPLYING

Q. No 2 (2.1) How do we handle fake vaccination issues?

Ans Fake vaccination issue can be identified by the family notes to which they say the monitoring officer or any other that they just only finger mark the children and do not give the per cards.

Q. No 2a Why do we miss children log books?

Ans Missed children log books mean not able to record campaign Row many children are missed due to any reason from parent stops, that's why we are write the name of the child along with father's age, address and advise no, to identify properly for the coming campaign.

Q. No 2b What is pen card why it is so named?

Ans Pen card for post campaign monitoring cards - it is not why issued out to mainly ensure identity the NA card to verify children. Also in the covered the.

Q. No 3 Define NEAP and elaborate its objectives?

Ans NEAP stands for National emergency action plan. The one of the objectives of the health regarding PDD vaccination along with the PDD status in Pakistan. Objective of NEAP:

- 1) Achievement of vaccination status
- 2) AFP case notified.
- 3) coming over all PDD campaigns (status. etc.

Q. No 4 & Explain the campaign several steps behind the community health worker like UDD, UDS and

others help level level UDD, UDS. The bulk most of the vaccination because when they are properly explained the will manage these cases according to these strategy. BMS

Tin  
Tr

and will cover the houses properly.  
In short Training is very necessary  
for the field level workers. Just  
for the betterment of the program.  
Being govt & TPO we will support  
the field level workers at every  
stages; and will support future.

2  
Q. No 4(a)

Ans the 1st Important Information  
should be taught by the vaccinators  
for the community.

- 1) First he will know about the vaccinators
- 2) Conduct mobilization with community  
& influence, and other religious support  
person. like PSTF. etc. helps them in  
the community to vaccinate the  
children properly.

Q. No 4(b)

Ans The important information in  
vaccinator training are as under:

- 1) He will know injection method properly
- 2) He also know of disease and other properly
- 3) popularity in community regarding as  
a vaccinator. etc.
